

Bendable LED Channel, Narrow

AL-TRK-BD-N

Flexible Aluminum Mounting Channel

DESCRIPTION

This bendable mounting channel is designed for maximum flexibility, allowing you to shape it around curves, contours, or custom layouts for unique installations and dramatic design features. Ideal for both creative applications and navigating existing structures, it adapts easily to your project needs.

Available with clear or frosted lens options, it comes in 3.3 ft and 6.5 ft lengths that can be cut to your exact size. Its durable construction helps protect strip lights while supporting effective heat dissipation for long-term performance, making it a reliable solution for custom lighting designs.
