

Corner Mount LED Channel, Narrow AL-TRK-CRN-N

DESCRIPTION

This narrow corner-mount channel is designed for strip lights 11mm wide or less. Its 90° profile makes it perfect for under-shelf, cabinetry, overhang, molding, and other corner installations. Built from durable aluminum, it shields your strip lights while ensuring smooth, even light diffusion. Customize your look with a clear, frosted or smoke lens. The smoke lens softens output for subtle accent lighting, while the clear and frosted lenses provide bright, clean illumination ideal for task lighting.

This channel has a 1/2" visible lens and accommodates strip lights up to 11mm wide.

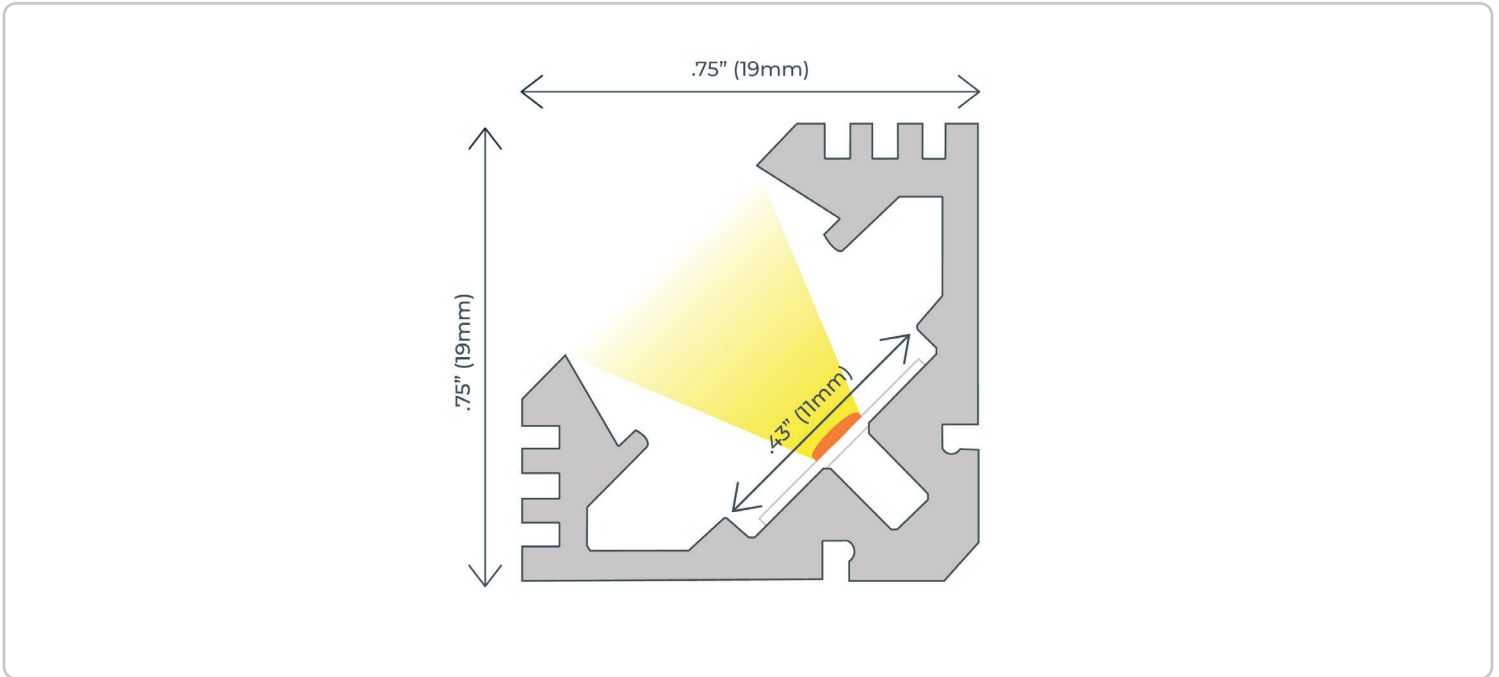

COLOR VARIETIES
