

Recessed LED Channel, Universal Wide

AL-TRK-R-W

Recessed Aluminum Channel

DESCRIPTION

This Universal Wide Recessed Channel accommodates strip lights up to 20mm wide, whether rated for indoor or outdoor use. Its extra wide design can even fit two 8mm strips for enhanced brightness. Built from durable aluminum, it protects strip lights and diffuses light evenly. Customize your look with a clear, frosted or smoke lens. The smoke lens softens output for subtle accent lighting, while the clear and frosted lenses provide bright, clean illumination ideal for task lighting.
