

# Surface Mount LED Channel, Wide

## AL-TRK-SM-W

Wide Surface Mount Channel

### DESCRIPTION

This universal channel is designed to fit all of our LED strip lights and with its extra wide clearance, it can even hold two 8mm strips for added brightness. Just over 1/4" tall, it offers a low-profile design that's easy to mount, hides well in tight or tricky spaces, and is perfect for retrofitting existing installations. Made from durable aluminum, it protects your strip lights while providing smooth, even diffusion. Choose between a frosted or smoke lens to customize the lighting effect you're looking for.

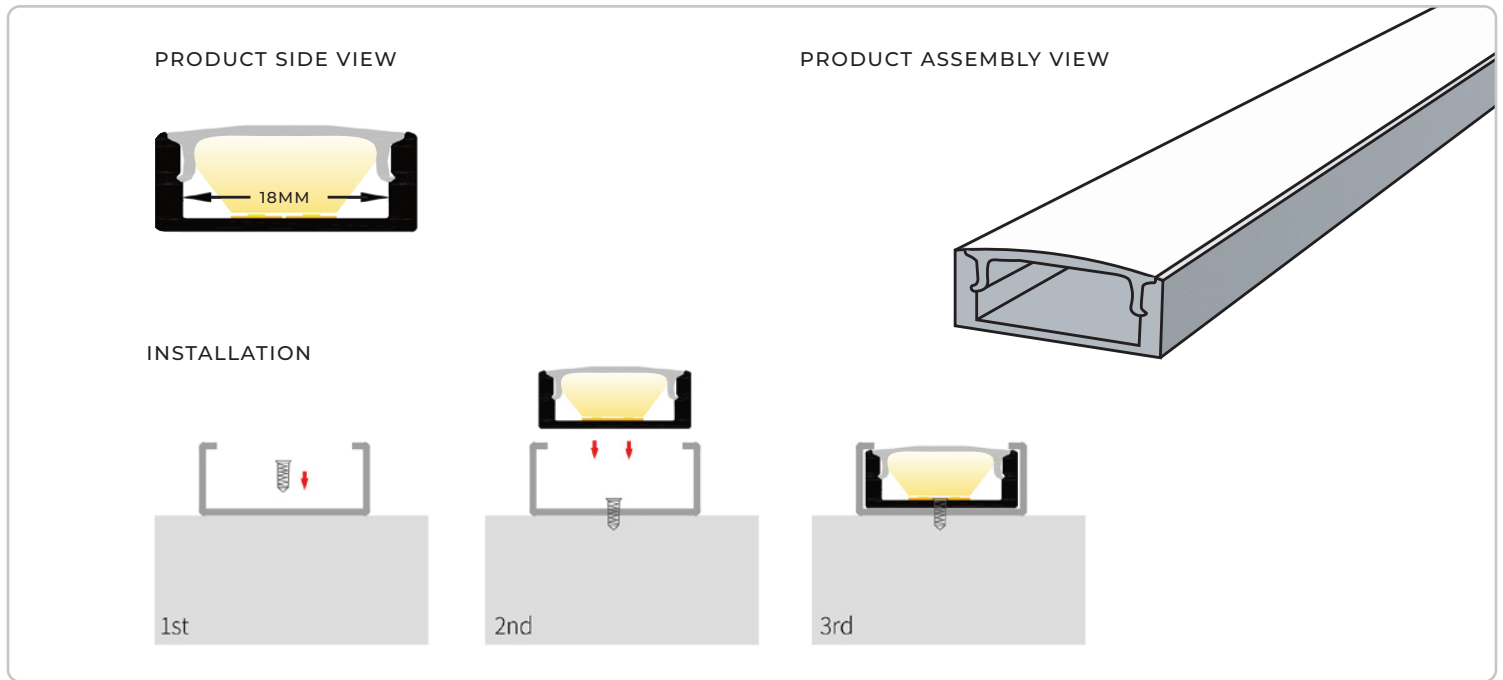

### COLOR VARIETIES
