COB Color Changing Waterproof Strip Light

DESCRIPTION

Color Changing Waterproof RGB Dotless Strip Lights deliver flawless, vibrant RGB color effects with smooth, even light distribution across the entire strip. Featuring a continuous COB (Chip-on-Board) design, these strips produce a clean, uninterrupted line of light with no visible diodes and no diffusion lens required, making them ideal for visible installations.

With an IP68 waterproof rating, this strip is fully submersible and built to withstand demanding and extreme environments. Perfect for accent or task lighting, they provide bright, high-intensity output of up to 175.25 lumens per foot while maintaining uniform illumination. The flexible, cuttable design allows for precise customization, with cut points every 0.98" (25mm) to achieve the exact length your project needs.
