

Mini LED Neon Flexible Light (Low Profile)

MODEL: AL-NF-MN

DESCRIPTION

aspectLED's Mini LED Neon Flex tubing is a gorgeous low profile option for neon lighting applications. This is an exciting new product that allows you to achieve the same visual effects as standard neon lights, with the reliability, brightness and ease-of-installation of LED lighting. Our Mini LED Neon Flexible lights are made 32' (10 meters) long and can be cut to length. Our LED Neon Flex is available in low voltage (24VDC).
