PRODUCT CUT SHEET

2.75" Round Diffused Puck Light - 3W

AL-PK-DR-3W

Low Voltage 3W Puck Light (25 Watt Equivalent)

DESCRIPTION

Puck lights are trending because of their versatility and ability to fit into small areas and niches to provide light in areas other styles wouldn't be able to fit in – and with an easier install than other recessed or flush mount options. They work great for niches or wall cavities, under cabinets, display cases, or even general room lighting, and are a great alternative to our LED strip lights, or our higher power recessed lights. The low voltage design of these fixtures allows great flexibility with wiring during installation. While traditional incandescent, xenon, or halogen puck lights were known for generating a large amount of heat, LEDs won't get hot to the touch and are efficient and long lasting.

aspectLED puck lights are very easy to install, and feature a rear mounting bracket with screw holes. The fixture can then be pushed up into the bracket and the retainer springs will hold it there, while allowing easy removal if necessary.

KEY FEATURES

Up to 250 lumens/ft

3 Watts

12VDC & 24VDC

Mounting

PHYSICAL	
Dimensions	2.75" Diameter x 0.625" Tall
Beam Angle	120 Degrees
Fixture Material	High Performance Aluminum Alloy
Weight	0.4 lbs
Wire Length	3'
Average Lifespan	50,000 Hours
Warranty	1 Year

PHOTOMETRIC	
Max Lumens	250 lumens/ft

ELECTRICAL	
Input Voltage	12VDC 24VDC
LED Quantity	24 LEDs
LED Type	SMD
Max. Power Consumption	3 Watts

ENVIRONMENTAL	
Suitable Uses	Dry Locations Only
Max. Operating Temp	-4 - 122° F (-20 - 50° C)

CONTROL	
Dimmable	**Yes**

STANDARDS/CERTS	
	ETL Listed | RoHS | CE
