PRODUCT CUT SHEET

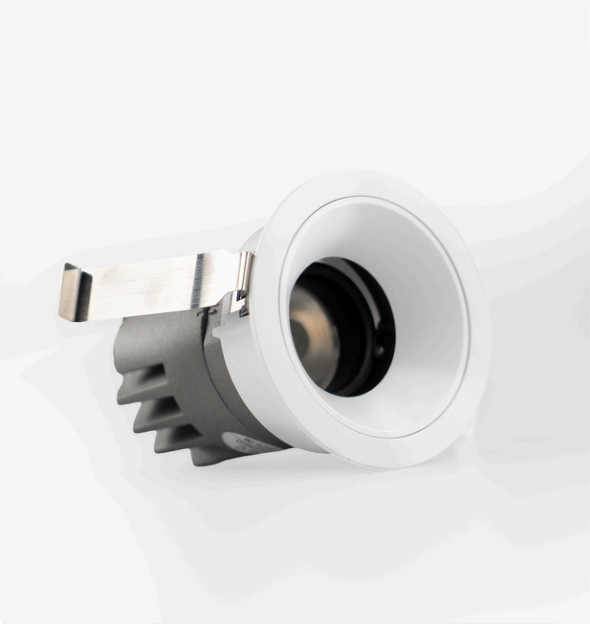

2" Stratus LED Recessed Light

AL-RL-R28

LED Recessed Light

DESCRIPTION

Small in size, big on impact, the 2" Stratus Recessed Light brings a clean, modern look to any room. Three color temperatures and full-range dimming let you adjust the ambiance with ease. The rotatable gimbal directs light where it matters most, highlighting artwork and architectural features.

Its compact 2" aperture fits into the smallest corners, and an IP44 rating extends that flexibility to kitchens, bathrooms, and other damp areas. Suitable for direct contact with insulation and available in two different colors, the Stratus installs easily and finishes cleanly in any ceiling.

KEY FEATURES

CRI 90
