

PAR56 LED REPLACEMENT BULB FOR SWIMMING POOL AND FOUNTAIN LIGHTS

32W (equal to 300W)

MODEL: AL-UW-RB-PAR56-32

Description

The PAR56 LED bulb is a direct replacement for the traditional 300 Watt PAR56 swimming pool/underwater light bulbs. This bulb must be in direct contact with water for proper cooling.

Our LED replacement light bulbs are the perfect solution to save on your energy bills and increase your light bulb longevity by replacing your existing halogen, incandescent and fluorescent bulbs with LED bulbs. You can achieve a nearly 90% reduction in energy consumption while maintaining the same brightness by switching your swimming pool or fountain to these PAR56 LED bulbs. These bulbs are direct replacements for existing bulbs and do not require any retrofitting of fixtures to accommodate them.
