

Cove Lighting Kit Wiring Diagram

AL-KIT-CWCL-RGB3K-24

Full Component Kit, IP20, Color Changing

Weather Resistant Box
Includes: Casambi DMX Controller and 4 Channel DMX Decoder

Note:
This system uses the Casambi App via samrtphone or tablet for color control, please reference our Cove Lighting Kit Install guide for more instructions on kit setup or visit our Casambi App Setup Install Guide for help setting up color controls.

IMPORTANT:
DO NOT link LED strips in a series (i.e. daisy-chaining). If using long lengths of extension wire, be sure to test your system for voltage drop and consult a voltage drop chart. When in doubt, always consult a qualified and licensed electrician, or get in touch with our tech team at support@aspectled.com. Always follow NEC guidlines and make sure your system is wired properly. Do not wire system in damp or wet environments, this sytem is for dry locations only.
